New Homestead Bill.

The new Ferguson homestead bill which will probably be introduced this winter, provides for a 640 acre homestead instead of 320 acres.

We learn that while a provision is made in the bill for those having made proof on their homesteads to be entitled to enter an amount of land sufficient to complete the 640 acres, that indications are that this will be modified by the land committees and departments to apply only to those who have not perfected proof to their homestead as was the case in the 320 acre homestead bill.

A Marvelous Escape.

"My little boy had a marvelous escape," writes P. F. Bastians, of Prince Albert, Cape of Good Hope. "It occurred in the middle of the night. He got a very severe attack of cramp. As luck would have it, I had a large bottle of Chamberlain's Cough Remedy in the house. After following the directions for an hour and twenty minutes he was through all danger. School begins Monday in the new school building and all the youngsters are glad of it. There will be dedication exercises in the forenoon in which a number of children and W. A. Havener of Clovis will take part.

W. W. White has taken charge of the post office at this place and has all kinds of things on the shelves in his store, but they don't stay there very long because he has them there to sell and he sells them as cheap as we can buy them any where else, he also buys our eggs, cream etc.

Frost fell here Friday night but the damage was small.

M. E. Smith is planning for a visit to Marlow Oklahoma soon. Some people suspicion he has a very nice lady friend there, judging from the letters and pictures he receives from that place. He is having his house cleaned and we hope they will have a glorious "Honey moon," if—

Now Mr. Editor, this is not half of the happenings of this city, but this lazy reporter has no knife to sharpen her pencil with.
